Charles D'Angelo (Green Healthy House, LLC.) 10513 Westcliff Place Highlands Ranch, CO 80130 RECEIVED

2024 FEB - I AM 9: 58

Honorable John T. Dorsey, U.S. Bankruptcy Court for the District of Delaware RK 825 North Market St., 5th Floor, Courtroom 5

Wilmington, DE 19801

Re: Comprehensive Defense, Submission of Claims, and Request for Independent Examiner's Education

Dear Honorable Judge Dorsey,

I hope this letter finds you in good health and the court's proceedings are progressing smoothly. I am writing to submit a comprehensive defense and additional evidence for Claims #1546 and #25198 in the matter of Charles D'Angelo vs. FTX Trading and Alameda Research. The defense remains anchored in the unprecedented actions taken by FTX Trading, Alameda Research and Sam Bankman-Fried, leading to the losses incurred by the client.

I am writing to provide additional context to the defense in the matter of Charles D'Angelo (GreenHealthyHouse, LLC.) particularly regarding Claims #1546 and #25198. It is crucial to underscore that despite the corruption activities involved in this case, I have chosen to navigate the legal proceedings with a focus on presenting a clear, comprehensive, and individualized defense for each claim towards Alameda Research, LLC. and FTX Trading, LLC. This decision aligns with our commitment to pursuing justice for the client and ensuring a thorough evaluation of the circumstances surrounding the losses incurred.

Defense Against Claim#1546 (Alameda Research):

My defense, as previously outline, centers on the orchestrated bankruptcy and bank run by FTX Trading. This created a chaotic environment that forced the claimant, Charles D'Angelo (GreenHealthyHouse, LLC), into a rushed and unprepared attempt to self-custody digital assets, ultimately resulting in the irretrievable loss of 121 NFTs.

Additional Evidence and Independent Examiner:

To fortify the claims, I appreciate the independent examiner to scrutinize the actions of the debtor's client's law firms, particularly focusing on the areas of guilt for FTX Trading, Alameda Research, Sam Bankman-Fried, Caroline Ellison, Gary Wang, Nishad Singh and CZ from Binance. This examination aims to bring to light any complicity or wrongdoing that may have contributed to the circumstances leading to the client's losses.

Exhibit A: Request for Time Off:

In Exhibit A, I provide evidence of the seriousness with which having approached this matter. A formal request for time off from government work was submitted, underlining the urgency and the commitment to handling these legal matters ethically and responsibly.

Exhibit B: LedgerLive Account Activity:

Exhibit B includes files from our LedgerLive account, highlighting a lack of activity or retrieval corresponding to the assets in question. This further supports our claim that the loss were a direct result of FTX Trading's actions.

Educational Recommendations:

In the pursuit of a through understanding of the complexities surrounding NFTs, their rise, and their place in contemporary art and culture, I urge you and the independent examiner to

explore educational resources. Damien Hirst and Beeple's insightful discussions on YouTube's HENI Talks in "NFT: WTF? The Rise and Fall of NFTs" (https:youtu.be/Y-Cc 0Dm3XE? feature=shared) offer valuable perspectives. Additionally, the recent Netflix release of Kevin Hart's film, "The Lift", focuses on the theft of an NFT, providing a cinematic exploration of the intricacies surrounding these digital assets.

Market Recognition of NFTs:

It is essential to recognize that NFTs have gained significant recognition in the art world, with notable artists like Damien Hirst and Beeple selling their digital art on platforms such as Christy's and Sotheby's fine art websites. This underscores the legitimacy and value attributed to NFTs in the contemporary art market. From a technical perspective an NFT comprises some smart contract code intimately connected to some blockchain platform. Now this code can emulate an equitable order for specific performance without the need for a court order. The code can save substantial costs by circumventing the court process but care must be taken.

Proposed Next Steps:

We propose the following steps to ensure a fair and just resolution:

- 1. Acknowledgement of Claims: Recognize the validity and merit of Claims #1546 and #25198, considering the evidence and circumstances outlined in our defense.
- 2. Independent Examination: Support the work of the independent examiner to ensure a comprehensive and unbiased assessment of the debtor's client's law firms and Sam Bankman-Fried.
- 3. Schedule a Hearing: Request the court's guidance on scheduling a hearing to present our evidence and arguments, allowing for a transparent and thorough evaluation of the claims.

Conclusion:

The commitment to seeking justice for the client remains unwavering. We believe that the evidence presented, along with the ongoing independent examination, will shed light on the true nature of the events leading to the losses suffered by Charles D'Angelo and GreenHealthyHouse, LLC.

Thank you for your attention to this matter. We eagerly await further guidance from the court as we navigate these complex legal proceedings.

Sincerely,

Charles R. D'Angelo

Re: Defense Response, Clarification, and Proposed Resolution for Claims #1546 and #25198

Dear Judge Dorsey,

I hope this letter finds you well. I am writing to provide additional context to the defense in the matter of Charles D'Angelo v. FTX Trading, particularly regarding Claims #1546 and #25198.

Defense Against Claim#1546 (Alameda Research):

The defense against Claim #1546 centers around the orchestrated bankruptcy and bank run caused by FTX Trading, which created an environment of chaos and forced GreenHealthyHouse, LLC. (Charles D'Angelo), into a rushed and unprepared attempt to self-custody digital assets. The subsequent Ledger cold wallet corruption led to the irretrievable loss of 121 NFTs.

Acknowledgment of Attempted Resolution:

I acknowledge the recent communication from the Debtors' attorney expressing a desire for an agreement and consensual resolution. In response to this, we propose a resolution that aligns with the interests of all parties involved.

Proposed Resolution:

- 1. Consolidation of Claims: Given the intertwined nature of Claims #1546 and #25198, I propose the consolidation of these claims under #1546. This consolidation recognizes that the remaining funds within Claim #25198 were used to purchase the NFTs that form the basis of Claim #1546.
- 2. Withdrawal of Claim #25198: In the interest of streamlining proceedings and fostering an environment conducive to resolution, I express my willingness to withdraw Claim #25198 against West Realm Shires Services.

Benefits of Consolidation:

Consolidating the claims will provide a clearer and more efficient path for resolution. It will ensure that the court has a comprehensive understanding of the interconnected issues surrounding FTX Trading's actions and their impacts to others.

Commitment to Resolution:

My commitment remains unwavering in seeking a fair and just resolution to this case. I appreciate the court's attention to this matter and eager to facilitate a consensual resolution.

Next Steps:

I propose consolidation of claims and any documentation required to facilitate this resolution. I am open to exploring an expedited process to address these matters promptly.

Conclusion:

I appreciate the court's attention to this matter and look forward to navigating the legal proceeding with the utmost diligence and integrity. I remain committed to exploring avenues for a consensual resolution.

Thank you for your consideration.

Sincerely,

Charles "Charlie" D'Angelo 10513 Westcliff Place Highlands Ranch, CO 80130 720-327-9249 dangelo888@comcast.net

Subject: Re: FTX - Resolution Regarding Green Healthy House Claim #1546 and #25198

Mr. Jenner,

Upon further review, I do not disallow claim number 1546 in the Debtors' next round of claim objections. I was mislead by your understanding that the claim was by the same debtor and with the same assets involved, which the claim #25198 is not. Instead of the Debtor being against Alameda Research, the Debtor you claimed was the same is West Realm Shires Services.

I am still under the claim #1546, however, the revision was from Green Healthy House, LLC to Charles D'Angelo against Alameda Research for the \$121 Million of 121 NFTs that were lost.

Take care,

Mr. D'Angelo,

Thank you for taking my call earlier today. As we discussed and you agreed, the Debtors will seek to disallow claim number 1546 in the Debtors' next round of claim objections. As I explained, claim number 25198 will be listed on the objection as a *surviving* claim. This will resolve the issue of there being two duplicative claims on file with claim 25198 superseding claim number 1546.

Please note while nothing in the objection will impact claim number 25198 (or any other claim not expressly identified for disallowance in the objection), its reference as a surviving claim will not constitute an admission or acknowledgement by the Debtors that such claim should be allowed. The Debtors will retain their rights to later object on any basis to claim number 25198.

The Debtors plan to file their next round of objections within the next two (2) weeks or so. We will promptly send you a copy of the pertinent objection upon its filing. If you have any questions, please reach out to me prior to filing anything further on the docket so we can see if we can resolve any questions you may have without the necessity of you having to file anything.

Take care,

Nick
